Hello,

I am the Cape and Islands ADA handling the above referenced case [REDACTED]. It looks like there were 2 different chemists that analyzed the 2 samples sent to the lab. The case is currently set for a jury trial on Tuesday 4/24. I realize this is short notice, so please let me know if this date does not work for either of you and I can reschedule ASAP. Also, could I please get the lab packets for both?

Thank you,
Ben
